

MAGNIFICENT ESTATE FOR CORPORATE RETREATS

Offering in-villa gourmet catering, complete privacy, professional service staff and ample accommodation and meeting spaces

A venue par excellence, Sohamsa Ocean Estate offers top-notch service, fantastic amenities and facilities, within a luxurious private Balinese villa estate. Perched on the southern tip of Bali's Bukit Peninsula, the estate features two stunning clifftop villas, designed by an award-winning architect to inspire awe.

Imagine incredible ocean views from your air-conditioned meeting room, with no other distraction but the beauty of nature itself. Rise above the humdrum of pedestrian hotel venues, and organise breakout sessions at the cliff-edge open-air pavilion. Refreshed minds offer sharper focus, so don't be surprised if your new business strategy is decided over a cup of coffee by the crystal blue infinity pool, or over a delicious gourmet meal served on the ocean deck.

There's plenty of room to accommodate everyone, with lavish, beautifully decorated living spaces in both five-bedroom Villa Soham and four-bedroom Villa Hamsa. The villas can be rented separately or together, as they are interconnected through the garden. Together, the villas can accommodate up to 18 people, or as many as 22, with extra beds.

For a bit of fun, there's a gym and a media room in the villa, with a golf course nearby, and a chauffeur-driven car available for your use. With attentive villa attendants at hand, leave the organising and logistics to us, and focus on reconnecting with your colleagues in an informal and relaxed environment. You'll be surprised at how some of the best ideas flow from an uncluttered mind.
