Cliff Top Luxury with Stunning Ocean Views

SOHAMSA OCEAN ESTATE

SET HIGH ON THE EDGE OF THE BUKIT PENINSULA ON BALI'S SOUTHERN COAST, SOHAMSA OCEAN ESTATE IS A ONE-OF-A-KIND LUXURY COMPLEX OFFERING TWO MAGNIFICENT VILLAS WITH SPECTACULAR VIEWS OVER THE INDIAN OCEAN.

The two cliff top villas, Villa Soham and Villa Hamsa are the perfect choice for discerning guests seeking an upmarket luxury holiday villa in a secluded area

Huge reclaimed ironwood doors open onto the first-floor garden courtyard of Villa Soham and a stunning ocean vista. To one side are the living room and media room with a large veranda beyond. To the other side is the dining terrace, powder room and behind, the kitchen and staff service areas. Above this wing are two bedrooms. Two further guest bedrooms and the master lie a floor below, opening onto ironwood decks poised over lily ponds and looking across the lawn to the large pool and cliff-edge entertainment bale.

From the private courtyard secured by heavy ironwood doors, steps over a lotus

pond bring guests into Villa Hamsa's large living pavilion. Enter onto a shaded full-length veranda looking towards the ocean view. At the far end of the pool is the master bedroom suite with a cliff-edge private deck. The three guest suites occupy a lower level under the pool and are accessed by steps to the side of the living pavilion.

The two villas connect via gates between their gardens and so can be rented either separately or together. Each villa features uninterrupted views of the ocean,
